of Correction

FAX to (571) 273 8300

Dear Sir

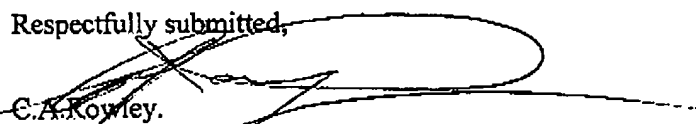

RE: Certificate of Correction for
US Patent 6,852,668 issued February 8, 2005.
My file: UWO7US

The Certificate of Correction dated June 6 2006 is incorrect. When the request for a Certificate of correction was originally filed the name was spelled incorrectly i.e. as "Elsoth" as in the issued Certificate of Correction. This error was noticed immediately after the original (first) request for the Certificate was filed (by fax) and a second (replacement) request for a Certificate (Corrected Certificate) requesting that the first be disregarded and that the second Certificate be registered was faxed shortly after the first. The issued Certificate corresponds to the original (first filed) request. Applicant waited, but nothing has been received with regard to the second Certificate (corrected Certificate), therefore:

It is requested that the attached Certificate of Correction (Certificate with the correct inventor's name) be registered against this patent.

Please charge the fee (100.00US) for this Certificate of Correction to my Deposit account no. 18 2150.

Respectfully submitted,

C.A. Rowley.
